Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Synchronous & Asynchronous

Brief describe the provision in LMS to be used by HEI :-

- The LMS platform is easily navigable by the students and is quite adaptive.
- The LMS platform comes in both android and iOS versions in addition to the desktop version.
- Accessibility across Devices and Mobile Learning: Our Learning Management System (LMS) is designed with a focus on accessibility and flexibility, ensuring that learning can happen anytime, anywhere.
- We have a user-friendly LMS platform built with a UI which can be customized by each faculty based on the course requirements.
- Video conferencing and live chat facilities are integrated with the LMS which helps to deliver Video lectures & other student engagement activities.
- The platform is being hosted on AWS Cloud in India and has 1Gbps of Internet bandwidth that can be increased as per future requirements.

----------------------	---

Identified technological interface and interoperability	Web Portal and Mobile App (android and ios) are the interface for learners. The application provides userstate of art features of technological interface and interoperability. • Portal URL*: https://portal.auol.in Student Login ID for Portal Student ID: Login-Id: student1; Password: stud1 @ 123
Learner's Authentication Requirements	The learner gets unique login credentials based on their personal email and linked contact number andshall use the LMS through the protected login only. A non- learner cannot access the LMS at any givenpoint of time as the system does not permit them to login without proper credentials. - The solution runson HTTPS servers and are behind firewalls - The IP address of each learner is tracked and logged - Theentire footprint of the learner is tracked and stored Student Login ID for LMS Student ID: Login-Id:student1; Password: stud1 @ 123
Learner Registration - through a web application	The LMS provides a streamlined user registration process and allows for detailed user profiling. Each user is assigned a personalized dashboard, which displays relevant information and resources based on their profile and learning needs. This personalization enhances the user experience and facilitates moreeffective learning.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	We have provided the following features on the learning platform. - Interactive videos - Gamification - Collaborative group projects - Facility to track learner progress using our dashboards https://lms.auol.in/course/view.php?id=240#section-11 Peer-group interactions are available on platform—the LMS platform is linked to social media like Linked-in and FB. Wherein students can addtheir social media profiles and share their achievements. - The faculty members can divide the classesinto smaller cohorts and conduct breakout room sessions with them individually. https://lms.auol.in/course/view.php?id=240 - Customized dashboards are enabled for stakeholders: • Student dashboard • Faculty Dashboard • University leadership dashboard https://lms.auol.in/course/view.php?id=240
Payment Gateway –using Digital Payment system	By integrating a secure and efficient payment gateway, the LMS ensures that financial transactions arehandled smoothly and securely, providing convenience for users and administrators alike.
Tracking the delivery of a Course or programme	Program Delivery The programme delivery is effectively done through the predefined academic Calendarand the flow of events. It is ensured through the LMS that the academic modules like SLM, A/V Lectures,and PCP Live Sessions are executed. Regular assessments are also enabled as per the exam scheduleand eligibility criteria for the batch and the running semesters. Learners progression Learners can go toLMS and click on Activity completion to track his progress. The faculties can monitor the progression oflearners with respect to the subject and the programme. Reports are generated on the attendance, activity completion, Quiz performance, success rate in term exams with respect to pass/fail inan automated system.
Technical Know-how or Skills Requirements	The LMS is very much user friendly and the learners can navigate easily through the student portal andMobile phones with basic internet connections. Also the Student Demo Videos are created and sharedwith all the learners while sending learners credentials by mail. The university conducts orientation beforethe start of the session and runs periodical “ Know your LMS ” training sessions to the students to bringthem to complete ease towards learning and assessments.
