

List of Seed Money Projects

S.No	Name of the Faculty	Title of the Project	Amount (INR)	Duration (Months)	Academic Year
1	Dr.Suneela J	Numerical study on planing hull with interceptor in waves	50000	6	2022-2023
2	Mr.Jayasurya.R	Thrust augmentation of Fletner rotor using dynamic flaps on pressure side.	50000	6	2022-2023
3	Dr.R.Lilly	Computation of storage of the aquifer due to the construction of underground Metrorail corridor using Visual Mod Flow	55,000	4	2022-2023
4	Mr.S.Thalapathy Vigneshwar	Viscous Resistance reduction through ultrasonic wave induced Bubbles.	85,000	4	2022-2023
5	Dr.P.Sivabalan	Numerical and Experimental Analysis of Steel Plates with Rectangular Openings Subjected to Axial Stress	1,00,000	6	2022-2023
6	Dr.V.Arularasi	Optimization of Energy Consumption in manufacture of Ready Mix Concrete by admixtures and using the concrete for the development of rural areas	1,21,300	6	2022-2023
7	Mr. A.Prem Anandh	Investigation of Natural Fiber Composites as Sustainable Alternatives in Shipbuilding	60,000	6	2022-2023
8	Mr.MSP Raju	Design of Fishing Vessel 4.0	15,000	6	2019-2020
9	Dr.P.Sivabalan	Modelling of Moonpool with Baffle plates for drillship to minimize the water motion and evaluation of its optimum	10,000	6	2019-2020
10	Cdr Prashant Kumar (Retd)	Optimization of container ship by undertaking stability analysis of container ships using Maxsurf suite of software	40,000	6	2019-2020
11	Dr.B.M.Shameem	Prediction of frictional resistance of antifouling coating and biofouling conditions for a tanker vessel using CFD	10,000	6	2019-2020
12	Dr. K. Thiruvankataswamy	A generic approach on short term morphological changes of shoreline due to construction of groins using Delft3D modeling in Estuarine mouths	1,34,000	6	2019-2020
13	Dr.J.Rajaraman	Effect of Brine Intrusion on Soil Bearing Capacity in Sandy Coastal Areas	1,00,000	6	2019-2020
14	Mr.Patel Akshar	A stereotyped approach towards an optimization of a barge hull in National waterways of India	50,000	6	2019-2020
15	Dr. K Thiruvankatasamy	Hydrodynamic Analysis of Scour around coastal Structures	45,000	12	2019-2020
16	Dr. A. Rajesh Kanna	Bioremediation of Oil Sludge using Crude Biosurfactant	40,000	6	2019-2020

AMET
UNIVERSITY
(Deemed to be University Under Section 3 of UGC Act 1956)
