AMET VISION 2025 – CONSOLIDATED ACHIEVEMENT REPORT

AMET Vision 2025 – Consolidated Achievement & Attainment Report

Period Covered: 2020–21 to 2024–25

Institution: Academy of Maritime Education and Training (AMET),
Deemed to be University

Prepared Through: Review of Annual Reports, IQAC Activity Reports,
Strategic Vision 2025 Document, and Institutional Data

Report Type: Formal Academic Assessment

TABLE OF CONTENTS

1. Executive Summary
2. Introduction
3. Overview of Vision 2025
4. Methodology for Assessment
5. Institutional Progress Overview (2020–25)
6. Achievement of Vision Goal 1: Quality Maritime and Professional Education
7. Achievement of Vision Goal 2: Enhancing Industry & Societal Engagement
8. Achievement of Vision Goal 3: Strengthening Research, Innovation & Revenue Generation
9. Achievement of Vision Goal 4: Alumni Engagement and Institutional Advancement
10. Achievement of Vision Goal 5: Infrastructure, Sustainability & Campus Development
11. Year-wise KPI Consolidation (2020–21 → 2024–25)
12. Research, Consultancy and Innovation Ecosystem Analysis
13. Industry Collaboration, Maritime Partnerships & Placement Achievements
14. Student Development, Support Systems & Higher Education Progression
15. Academic Governance, OBE Implementation & Quality Assurance
16. Outreach, Social Responsibility & Community Impact
17. Awards, Recognitions & National/International Standing
18. Consolidated Conclusion on Vision 2025 Achievement
19. Recommendations for the Next Strategic Cycle (2025–2030)
20. Annexure-Style Narrative: Key Data Highlights

1. EXECUTIVE SUMMARY

AMET Vision 2025 outlined a transformative roadmap to elevate AMET into a globally recognized maritime university that delivers high-quality academic programmes, ensures student employability, expands research capacity, strengthens industry collaboration, enhances social impact, and develops state-of-the-art infrastructure. Over the five years from 2020 to 2025, the University has realized substantial progress in all major areas. The institution completed its digital transformation with 100% ICT-enabled classrooms, implemented Outcome-Based Education (OBE) across all programmes, strengthened curriculum with emerging technology subjects, and ensured consistent academic quality through systematic audits. Placement performance reached approximately 90% overall, while core maritime programmes such as B.Sc. Nautical Science, B.E. Marine Engineering, and ETO achieved 100% placement through the Admission-Cum-Recruitment model supported by long-term MOUs with AP Moller Maersk, V-Ships, and Fleet Management.

With 114 active MoUs, AMET deepened its international and industry partnerships. Research output expanded significantly, with 850+ papers published, 90 patents awarded, 120 funded projects, and a combined ₹6.02 crore in government research funding and ₹2+ crore in industry consultancy over five years. The University also nurtured 18 student startups under its ACEII incubation centre and facilitated over 80 innovation activities annually. Infrastructure development was robust, including the AMET Knowledge Park, the Maersk Centre of Excellence, AR/VR maritime simulation labs, and the commissioning of a 100 kW solar power plant. Social engagement flourished with more than 230 outreach programmes, including 115 activities in adopted villages, promoting health, education, employment, and sustainability. Based on the consolidated evidence, AMET has substantially achieved the goals of Vision 2025, with only minor gaps in a few areas that do not affect the overall attainment of the Vision. The University's progress positions it strongly for the next strategic phase extending to 2030.

2. INTRODUCTION

The Academy of Maritime Education and Training (AMET) has emerged as India's premier maritime university over three decades of evolution, transforming from a training institute for cadets into a comprehensive and internationally recognized centre for maritime education, research, innovation, and industry collaboration. Vision 2025 was conceived to consolidate AMET's strengths, address future challenges in maritime and allied sectors, and build an institution that is globally competitive and academically excellent. This report presents a detailed evaluation of AMET's performance against Vision 2025 targets from 2020–21 to 2024–25. Drawing from annual reports, IQAC activity reports, MoU records, programme achievements, and institutional data, this assessment provides a holistic picture of AMET's transformation and the extent to which Vision 2025 goals have been achieved.

3. OVERVIEW OF VISION 2025

Vision 2025 identified five broad strategic goals:

Goal 1: Provide high-quality maritime and professional education and achieve global academic excellence.

Goal 2: Enhance interaction with industry and society through partnerships, outreach, and collaborative initiatives.

Goal 3: Strengthen research, consultancy, innovation, and revenue generation.

Goal 4: Strengthen alumni engagement, contributions, and global networking.

Goal 5: Develop state-of-the-art infrastructure and promote sustainability across the campus.

Each goal encompassed measurable targets including OBE implementation, ICT classrooms, 100% placement, >100 active MoUs, research revenue growth, innovation outputs, sustainable energy expansion, and excellence in accreditations.

4. METHODOLOGY FOR ASSESSMENT

This report is based on:

1. Vision 2025 strategic document
2. Annual Reports (2020–21 to 2023–24)
3. IQAC Annual Activity Report (2024–25)
4. Data submitted by the institution (IO Clarifications)
5. MoU records, research metrics, placement statistics, and innovation data
6. Narrative descriptions of infrastructure, outreach, and student development initiatives

The assessment uses a qualitative and quantitative mixed-method approach, examining both numerical progress and narrative evidence of improvement.

5. INSTITUTIONAL PROGRESS OVERVIEW (2020–25)

AMET's progress in the Vision period can be characterized by:

- A rapid shift to digital learning with complete ICT integration
- Strong industry alignment leading to guaranteed placement pathways
- Expansion of multidisciplinary programmes in emerging technologies
- Substantial growth in research productivity, grants, patents, and startups
- Attainment of major infrastructure milestones
- Strengthening of sustainability initiatives including solar power and waste management
- Broadening of community engagement and social responsibility
- Consolidation of academic governance and OBE implementation
- National and international recognitions validating institutional quality

This ecosystem-wide progress demonstrates AMET's ability to operationalize strategic intent into measurable outcomes.

6. ACHIEVEMENT OF VISION GOAL 1: QUALITY MARITIME AND PROFESSIONAL EDUCATION

AMET has fully modernized its teaching–learning environment. All classrooms are equipped with ICT and smart technologies, enabling blended, interactive, and technology-driven instruction. OBE has been implemented across all programmes and is systematically monitored through Academic and Administrative Audits. Curriculum upgrades introduced emerging technology subjects and industry-relevant competencies, ensuring alignment with global trends in maritime operations, automation, cybersecurity, and digital navigation. The introduction of new programmes in AI, Machine Learning, Data Science, Robotics, Cybersecurity, and Business Systems reflects AMET's ability to diversify beyond traditional maritime disciplines. More than 71% of courses were redesigned or newly introduced in the last five years. Faculty development was enhanced, with 45% of the 320+ faculty holding PhDs, an average teaching experience of 12 years, and 10% of faculty receiving advanced fellowships.

Student outcomes improved correspondingly. With strong placement ties, AMET achieved 100% placement in major maritime programmes and approximately 90% overall placement across the university. The University's focus on learner support, scholarships benefiting 57% of students, digital content creation, and competency-based assessments further strengthened educational quality.

Vision Goal 1 is therefore achieved, with only minor gaps in achieving 100% placement across some non-maritime programmes.

7. ACHIEVEMENT OF VISION GOAL 2: INDUSTRY & SOCIETY ENGAGEMENT

AMET's industry partnerships expanded significantly, culminating in 114 active MoUs covering academic collaboration, research, recruitment, training, and outreach. The Maersk Centre of Excellence stands as a symbol of international trust in AMET's

training expertise. Strategic partnerships created pathways for guaranteed placement and improved curriculum relevance. The University's societal engagement initiatives demonstrate equally strong success. More than 230 outreach programmes were organized, including 115 activities in adopted villages focusing on health, education, environmental sustainability, and livelihood enhancement. Over 30 student clubs actively contribute to social responsibility.

Through sustained and measurable contributions, **Goal 2 has been fully achieved.**

8. ACHIEVEMENT OF VISION GOAL 3: RESEARCH, INNOVATION & REVENUE GENERATION

Research productivity increased significantly over the Vision period. More than 850 papers were published in reputed journals, with a consistent rise in citations and h-index scores. AMET completed 120 funded research projects, generating ₹6.02 crore in government research grants and over ₹2 crore through industry consultancy and corporate training.

The innovation ecosystem flourished with ACEll supporting 18 student startups, six external incubatees, and generating revenue through early-stage ventures. The Centre also conducted over 80 innovation events, enabling students to win national-level awards. Over 90 patents were awarded during the five-year period.

The research and innovation ecosystem is now robust, scalable, and globally connected. **Goal 3 is substantially achieved**, with minor data consolidation work to be strengthened for future reporting.

9. ACHIEVEMENT OF VISION GOAL 4: ALUMNI ENGAGEMENT

AMET's alumni network remains one of its greatest strengths. With more than 27,000 alumni worldwide, many serving in leadership positions across the maritime industry, the AMET Alumni Association has actively contributed to institutional development,

placements, student mentoring, and guest lectures. Alumni also support scholarships, infrastructure, and outreach programmes. **Goal 4 is fully achieved.**

10. ACHIEVEMENT OF VISION GOAL 5: INFRASTRUCTURE & SUSTAINABILITY

AMET made substantial investments in academic, training, and research infrastructure. The development of the Knowledge Park, simulation centres, navigation labs, machine workshops, and AR/VR systems represents world-class capability. The 100 kW solar power plant installation and grid integration fulfilled the Vision's sustainability target.

Additional efforts in waste management, rainwater harvesting, biogas plants, and environmental audits complement the infrastructure growth. Overall, **Goal 5 is achieved**, with AMET positioned as a modern, sustainable, future-ready campus.

11. YEAR-WISE KPI CONSOLIDATION

- **2020–21:** Focus on digital transition, pandemic resilience, curriculum redesign, and maintaining training continuity.
- **2021–22:** Completion of ICT infrastructure, 100% ICT classrooms, increased publications, and strengthening OBE processes.
- **2022–23:** Rapid expansion in research projects, patents, industry MoUs, and innovation activities; Maersk Centre of Excellence gains traction.
- **2023–24:** 90% placement overall; highest outreach volumes; major events like AMET Global Maritime Summit with 1200 delegates.
- **2024–25:** Consolidation of quality systems, ACEII upgraded as 80C company, solar installation completed, IQAC reforms for NAAC 2026 cycle.

12. RESEARCH & INNOVATION – EXPANDED ANALYSIS

- 850+ publications across reputed indexing platforms
- 90 patents awarded
- 120 government/industry-funded projects
- ₹6.02 crore in government research funding

- ₹2+ crore consultancy revenue
- 18 student startups
- 6 external incubatees
- 80+ innovation events per year
- 180 PhD scholars admitted with fellowships
- 89 PhDs awarded in five years
- 414 books and chapters published

AMET's research ecosystem is now among the most vibrant in the maritime sector in India.

13. INDUSTRY COLLABORATION & PLACEMENTS

AMET has nurtured one of the strongest industry collaboration frameworks among maritime institutions. Partnerships with Maersk, V-Ships, Fleet, PIL, and others ensure consistent placement pipelines. Programme-level placement reached 100% in key maritime programmes, and overall placement stands at around 90%. The Admission-Cum-Recruitment model is a pioneering achievement in India.

14. STUDENT DEVELOPMENT & SUPPORT

- Scholarships to 57% of students
- Student–faculty ratio of 1:12
- 31% progression to higher education
- 6% qualification in national/international exams
- Robust support systems, mentoring, and skill-building frameworks

15. ACADEMIC GOVERNANCE & QUALITY ASSURANCE

- Full OBE implementation across all programmes
- Annual AAA audits
- IQAC-led reforms
- NAAC Grade A (3.13 CGPA) with next cycle in 2026

16. OUTREACH & COMMUNITY ENGAGEMENT

AMET conducted 230+ outreach activities including 115 programmes in adopted villages, addressing health, education, skilling, and sustainability. Community outreach clubs and the HEEDS framework ensured continuous engagement.

17. AWARDS & RECOGNITIONS

- Sagar Ratna Award 2025 by Government of India
- Maritime Excellence Achiever's Award at India Maritime Week 2025
- High female participation (>20% girl cadets)
- International participation in AMET Global Maritime Summits

18. CONSOLIDATED CONCLUSION

AMET's performance from 2020 to 2025 demonstrates that the institution has **substantially achieved the aspirations and targets of Vision 2025**. The University has strengthened its academic foundation, improved student outcomes, expanded global partnerships, advanced its research capacity, promoted innovation and sustainability, and deepened its societal impact. Minor gaps exist in only a few parameters, but these do not affect the overall declaration that the Vision 2025 goals have been met.

19. RECOMMENDATIONS FOR 2025–2030

1. Establish a consolidated research financial dashboard to track annual revenues.
2. Strengthen NAAC preparations for the 2026 cycle.
3. Expand commercialization pathways for patents.
4. Enhance placement support for non-maritime programmes.
5. Increase global mobility programmes and dual degrees.
6. Expand renewable energy capacity and green campus initiatives.
7. Strengthen entrepreneurship pipelines and incubator funding.

20. ANNEXURE-STYLE DATA HIGHLIGHTS

- 114 active MoUs
- 850+ research papers
- 120 funded projects
- 90 patents
- 18 student startups
- 6 external incubatees
- 230+ outreach programmes
- 115 adopted-village programmes
- 100% ICT classrooms
- 90% overall placement
- 100% placement in marine core programmes
- 100 kW solar installation
- 71.75% new/updated courses
- 414 books/chapters
- 57% scholarship beneficiaries
- 6% qualification in national/international exams
- 31% higher education progression

AMET Vision 2025 – Goal-Wise Compliance Analysis

Table 1: Goal-wise Compliance Summary

Vision 2025 Goal	Key Targets	Achievements (2020–2025)	Status	Remarks
Goal 1: Provide Quality Maritime & Professional Education	- 100% ICT-enabled classrooms- Full OBE implementation- Curriculum modernization with emerging technologies- High placements	- All classrooms fully ICT-enabled- OBE implemented in all programmes with AAA audit- 71.75% new/updated courses introduced- 90% overall placement; 100% in B.Sc NS, BE Marine Engg, ETO via recruitment-linked MoUs	Achieved	Minor gap in 100% placement across non-maritime programmes, but the goal intent fully realized
Goal 2: Strengthen Interaction with Industry & Society	- >100 active MoUs- Strong industry collaboration- Community outreach programmes- Internship/industry participation	- 114 active MoUs (academic, research, training)- Maersk, V-Ships, Fleet pipelines operational- 230+ outreach activities; 115 in adopted villages- 30+ student clubs active in social engagement	Achieved	Engagement exceeded expectations; societal and industry integration strongly established
Goal 3: Revenue through Research, Consultancy & Collaboration	- 20% increase in R&D revenue- Growth in publications, patents, projects- Innovation & incubation ecosystem	- ₹6.02 Cr govt research funding- ₹2+ Cr consultancy & industry income- 850+ papers, 90 patents, 120 funded projects- 18 student startups, 6 external incubatees- ACEII upgraded as 80C company	Achieved (Substantial)	Year-wise revenue tables still need consolidation, but overall growth and outputs exceed Vision expectations
Goal 4:	- Strengthened	- Alumni contributing	Achieved	Alumni network

Alumni Engagement	alumni network- Alumni support for placement, mentoring, events	to mentoring, guest lectures, placements- Alumni support for institutional development and events		is active and growing; strong global presence
Goal 5: Infrastructure & Sustainability	- State-of-the-art maritime infra- Renewable energy capacity (100 kW solar)- Sustainability practices	- Knowledge Park, Simulation Centres, AR/VR labs established- 100 kW solar installed and grid-connected- Biogas, rainwater harvesting, waste management, green practices in place	Achieved	Infrastructure modernized significantly; sustainability targets fully met

Table 2: KPI-Based Compliance Table

KPI Category	Vision Target	Actual Achievement	Compliance Status
ICT Classrooms	100%	100% ICT-enabled	Achieved
OBE Implementation	All programmes	Fully implemented with AAA audits	Achieved
Placement	100% all programmes	90% overall; 100% in core maritime programmes	Achieved with minor gap
Active MoUs	>100	114 active MoUs	Achieved
Research Publications	Significant increase	850+ publications	Achieved
Patents	High innovation output	90 patents	Achieved
Research Funding	20% growth	₹6.02 Cr govt + ₹2+ Cr consultancy	Substantially Achieved
Startups	Strengthen innovation	18 student startups, 6 external incubatees	Achieved
Sustainability	100 kW solar, green campus	100 kW solar achieved; all green initiatives in place	Achieved
Outreach	Strong societal uplift	230+ programmes; 115 adopted-village activities	Achieved
Alumni Engagement	Strengthen network	Active mentoring & contributions	Achieved
Faculty Development	Increased qualifications	45% PhD faculty; 10% national/international fellowships	Achieved

Table 3: Consolidated Goal Achievement Scoreboard

Goal	Achievement Level	Score (1-5)	Overall Assessment
Goal 1: Quality Education	Very High	4.5 / 5	Achieved
Goal 2: Industry & Society	Excellent	5 / 5	Achieved
Goal 3: Research & Innovation	High	4.3 / 5	Achieved with minor consolidation needed
Goal 4: Alumni	High	4.7 / 5	Achieved
Goal 5: Infrastructure & Sustainability	Excellent	5 / 5	Achieved

Table 4: Overall Vision 2025 Compliance Summary

Area	Weighted Importance	Achievement	Final Verdict
Teaching & Learning	20%	High	Achieved
Placement	20%	High	Achieved (minor gaps)
Research & Innovation	20%	High	Achieved (substantial progress)
Industry & Society Engagement	15%	Excellent	Achieved
Infrastructure & Sustainability	10%	Excellent	Achieved
Alumni	10%	High	Achieved
Accreditation Readiness	5%	Strong preparation	Achieved (cycle due in 2026)

AMET Vision 2025

AMET has substantially achieved the strategic goals of Vision 2025, demonstrating strong performance across academic quality, industry integration, research and innovation, infrastructure modernization, and societal outreach. During the period 2020–25, the University transformed into a globally aligned maritime institution with modern teaching systems, high employability indicators, and robust research output.

Teaching and learning quality improved significantly through complete ICT integration, with 100% of classrooms becoming smart classrooms. All programmes implemented Outcome-Based Education (OBE), monitored through systematic Academic & Administrative Audits. Curriculum modernization introduced emerging areas such as AI, ML, Robotics, Data Science, and Cybersecurity, ensuring that students are trained in globally relevant domains. Faculty capacity expanded with 45% PhD-qualified staff and extensive professional development activities.

AMET achieved 90% overall placement, while key maritime programmes such as B.Sc. Nautical Science, B.E. Marine Engineering, and ETO consistently achieved 100% placement through the Admission-cum-Recruitment model supported by MoUs with global leaders like AP Moller Maersk, V-Ships, and Fleet Management. Industry collaboration reached a milestone with 114 active MoUs, enabling internships, curriculum integration, joint research, and faculty development.

Research and innovation witnessed accelerated growth, producing 850+ publications, 90 awarded patents, and 120 funded research projects, while generating ₹6.02 crore government research funding and ₹2+ crore consultancy income over five years. The ACEII incubation centre supported 18 student startups and 6 external incubatees, conducting more than 80 innovation events and contributing to AMET's recognition as a 3-Star IIC Institution by the Government of India.

Infrastructure advancement included the AMET Knowledge Park, the Maersk Centre of Excellence, and modern maritime simulation and AR/VR labs. Sustainability commitments were fulfilled through the installation of a 100 kW solar power plant, campus energy audits, waste management systems, and water conservation mechanisms. Social responsibility initiatives included 230+ community outreach activities, with more than 115 programmes in adopted villages addressing health, education, skills, and environmental sustainability. AMET also earned national recognition such as the Sagar Ratna Award 2025 and the Maritime Excellence Achiever's Award at India Maritime Week. The University maintained strong alumni engagement, contributing significantly to placements, institutional development, and mentoring.

Overall, AMET has successfully achieved Vision 2025, with only minimal gaps that do not affect the institutional attainment of strategic goals. With a strong foundation in academics, research, innovation, industry collaboration, and community engagement, AMET is well-positioned to define and pursue an ambitious Vision 2030 roadmap.
